THURSDAY, JUNE 4, 1896.

REPUBLICANS are now talking of putting Czar Reed on the tail end of their Presidential ticket,—probably to give it weight.

The fight against Senator Blackburn's re-election at the last session of the Legislature by certain Democrats cut quite a figure in the recent mass meetings throughout the State.

"BIG INJUNS."

The Warwhoop Will be Heard Once More in Maysville To-night.
Route of the "Trail."

The warwhoop will be heard in Maysville to-night.

The Indians of Wyandotte Tribe will be joined by the big Chiefs of Paugmaheughsinque and also by the Bradysville Tribe, and there will be a "trail."

Palefaces will do well to keep at a safe distance if they don't want their scalps lifted.

Messengers from Wyandotte will meet the Bradysville chiefs at Aberdeen and escort them to this side. Mounted on horses, the two tribes will then proceed to the C. and O. depot to receive the Augusta chiefs, and the trail will be taken up. Following is the route: From C. and O. depot east on Second to Market, south on Market to Third, east on Third to Bridge, out Bridge to Second, out to ball park and return to Limestone, up Limestone to Third, then to Market, and the scalping at the esplanade.

Red fire will illuminate the route. After the trail, palefaces captured will be adopted at Wyandotte's wigwam. Refreshments will be served later at Neptune Hall.

DEATH'S DOINGS.

Mrs. L. H. Long Called Home—Miss Bessie Barnes Passes Away.
Mrs. Dr. Outten—Mrs. W. T. Fristoe.

Mrs. Ann H. Long, wife of Mr. L. H. Long, died this morning at 6 o'clock at the family residence "Sunnyside," aged about eighty-four years. Her health had been gradually failing a year or so. Deceased was a Miss Collins, and was a daughter of the late Isaac Collins who resided near Dover. Her long life was spent in this county, and she was universally esteemed by her large circle of friends. Her husband survives. She leaves no children. The funeral will occur to-morrow at 2 p. m. at the residence, with services by Rev. W. W. Hall. Interment in Maysville Cemetery.

MISS BESSIE BARNES.

Miss Bessie Barnes, whose critical illness had been mentioned, died last evening at the home of her parents at Millersburg. She was taken sick a few months ago with measles, the disease becoming complicated with lung trouble and causing her death. Deceased was a daughter of Mr. and Mrs. Robert Barnes, formerly of Washington, and was a granddaughter of the late James Gant. She had many warm friends in this county who will learn with sincere sorrow of her death. The funeral will occur Friday at 2 p. m.

Mrs. Maria Fristoe, wife of Mr. William T. Fristoe, died Wednesday morning at the home of the family in the East End, after a lingering illness. Deceased was a Miss Holton, and was a woman of estimable Christian character. Her husband and two children, a son and daughter, survive. Funeral to-morrow at 2 p. m. at the residence.

KENTUCKY DEMOCRATS.

Result of the State Convention.
Free Silverites on Top—Ninth District Doings.

The Democratic State convention was called to order yesterday at 1:42 p. m. at Lexington. Chairman Long of the State Central Committee read an address, in which he said he had never done anything toward preventing harmony, and, as a Democrat, he submitted to the issue of Saturday last. Among other things, Long said: "If we have to have your free-silver medicine you will have to take it, too."

When Long said that Grover Cleveland was entitled to the credit for the success of the Democratic party in the past he was greeted with hisses and howls.

John S. Rhea nominated Hon. Charles J. Bronston for temporary Chairman. Colonel Bennett H. Young nominated Judge Alex. P. Humphrey.

Boyle was the first county to cast its vote for Humphrey, then Breathitt, then Campbell. The city of Lexington gave Bronston 11 votes and Humphrey 1.

Bronston won by a big majority. The vote, which shows the strength of silver in the convention, was: Bronston (silver) 691; Humphrey (gold), 206.

On taking the chair Mr. Bronston made a brilliant speech, in which he congratulated the Democracy of Kentucky on having fastened itself to safe moorings.

"The trusted pilots have been tempted by the lure of gold," he declared. "The Democracy of Kentucky has declared in no uncertain tones. They have declared that silver is the money for the King as well as for the laboring man. They have declared that as this country struck down silver without asking outside advice it shall restore it without consulting any out-side power. But I beg of you in this, your new-born strength, that you do not seek to denounce the Democrats who hold other views."

After the committees had been selected there were loud calls for Blackburn, and although seriously ill and scarcely able to stand, he spoke for twenty minutes. He counseled harmony, but advised his friends to give up none of the great victory they had won.

At 4:12 the convention adjourned till night.

The ninth district convention resulted as follows:

District Delegates—George R. Vincent, Lawrence; George Bramlet, Nicholas. Elector—William G. Ramsey, Bath; no further recommendations. There was much wrangling in the convention, the Fleming County men trying to run it. Dr. L. V. P. Williams, of Rowan, was elected Assistant Elector before the delegates discovered he was a goldbug. He refused to withdraw when appealed to, and will insist on holding his place.

Nervous

People find just the help they so much need, in Hood's Sarsaparilla. It furnishes the desired strength by purifying, vitalizing and enriching the blood, and thus builds up the nerves, tones the stomach and regulates the whole system. Read this:

"I want to praise Hood's Sarsaparilla. My health run down, and I had the grip. After that, my heart and nervous system were badly affected, so that I could not do my own work. Our physician gave me some help, but did not cure. I decided to try Hood's Sarsaparilla. Soon I could do all my own housework. I have taken

PHYSICAL CULTURE.

Hayswood Pupils Delight a Large Audience at Opera House Last Night.

The Physical Culture Department of Hayswood was greeted at the opera house last night by one of the largest and most appreciative audiences of the season, and it is not too much to say that the entertainment given by the department was up to the highest expectation of the audience.

Every conceivable movement for the development of the muscles and the improvement of the health was clothed in a drapery of beauty and grace that was as pleasing as it was instructive.

It is a mystery how such precision of movement could be secured from pupils many of whom were so young. It would be invidious to make any distinction among them for, from the largest to the smallest, they went through the exercises with a precision and a beauty that made it impossible for the unpracticed eye to detect an error.

All honor is due the patience and efficiency of the teacher of such a class. The Physical Department of Hayswood alone entitles it to the confidence and the liberal support of all within its reach.

The pair of ornamental Indian clubs that were offered to the pupil who would handle them with the greatest grace and skill was awarded, by a committee selected for that purpose, to Miss Mary B. Hall, daughter of Mr. and Mrs. Sam M. Hall.

M. & L. S. FECHHEIMER & CO.

Above Telegram Explains Itself.

Some few days since we were importuned to buy a line of FINE MEN'S SUITS at a price that we thought quite low, but the heavy stock on hand suggested to us that we had enough. Before we left, however, we were prevailed upon to make an offer upon the entire lot. We did so, and at the time the offer was rejected. This morning Mr. Gibson handed us above telegram, in which we are advised that our offer is accepted. Let us briefly give you an outline of what we will get in this purchase:

All Wool Imported Cheviots, In the Newest Light-Colored Shades.

All Wool Imported Clay Worsteds, in Black, Blue, Brown and Gray.

All the newest shades of this season. These Suits are the best of tailored garments and contain the best of trimmings, (we handle no other kind,) and were made to retail at \$12.50, \$15 and \$18. **On Friday morning, June 5th, you can take choice of any of them for \$8.75.** To place all our patrons on an even footing, those who cannot be suited in above advertised line can select anything in stock that may please them at **ONE-THIRD OFF THE REGULAR PRICE.** This applies to Clothing only. Not a single garment is reserved. On Wednesday and Thursday afternoons our store will be closed for the purpose of marking down the entire stock of Clothing. Among the greatest reductions we will make will be on **CHILDREN'S SUITS.** Of these we have many more than we can sell at the regular price, hence the cut is so much greater on them.

PLEASE Read the Following Clause Carefully:

During this Cut-Rate and Marked-down sale we will not charge a single garment nor send any out on approval. Should you not be pleased with what you buy we will cheerfully return the money and take the goods back, but positively **WILL NOT CHARGE ANYTHING ON OUR BOOKS.** There cannot and will not be the least deviation from prices marked on goods.

WORKMEN engaged cleaning out an old well at Ripley found, buried in the sand at a depth of forty-five feet, two kegs of beer made at the old Reinert brewery in that place twenty-one years ago. The man who occupied the premises at that time used the well for cooling beer.

The workman often cuts his lunch on the same bench where he does his work. The office man turns his desk into a dining-table. Neither gets the out of doors exercise he needs, neither takes the proper time for eating. It is small wonder that the digestion of both is out of order. In such cases Dr. Pierce's Pleasant Pellets come to their assistance by aiding nature in taking care of the food.

The cause of nine-tenths of the sickness of the world is constipation. From this one cause come indigestion; disorders of the stomach, liver and kidneys; biliousness, headaches, flatulence, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. The "Pleasant Pellets" are tiny, sugar-coated granules. They will perfectly cure the worst case of constipation and indigestion. If the druggist tries to sell you some other pill that pays him greater profit, just think of what will best pay you.

WEEKLY CROP REPORT.

The Outlook in Kentucky—The Weather Conditions Have Improved Things.

[For week ending June 1.]

This is the first in many weeks when the temperature fell below the normal. The first half was slightly warmer than the average, but the last few days were cool enough, bringing the average for the week about two degrees below the normal. The amount of sunshine received was very near the normal, and was generally sufficient for the needs of vegetation. The rainfall was excessive, especially in the southern and western counties, where several stations report amounts in excess of three inches, and a few four inches or more. In the central and eastern counties the excess was not so marked, though the average is between one and one-half and two inches. These heavy rains, combined with those of the two preceding weeks, served to give May a large excess, the month closing with an average amount for the State greater by one and one-half inches than usual. This is not, however, sufficient to fully compensate for the large deficiency caused by the drouth conditions of April and the early part of the present month. Generally speaking, crops were improved by the weather conditions of the week, though damaged in places by the severe local storms which prevailed in the central and western counties during the 27th and 28th. The wet condition of the soil also prevented the prosecution of farm work. No more rain is needed at present, and a period of warm, sunny weather would still further improve the condition of crops generally.

Central Kentucky.—Though there is considerable complaint of damage to crops from washouts and high winds, the general tone of reports from this section of the State would indicate a greatly improved condition of crops, and while the rainfall was excessive, the amount was much less than the general average for the western section. Corn is in fine condition generally, though the fields are becoming somewhat grassy, and can not be worked at present, owing to wetness of the soil. Wheat has not come up to expectations and the outlook for a crop, except in a few localities, is discouraging. The season was most favorable for tobacco, and as a rule, the plants are making fine growth. Oats, grasses and hemp have shown a marked improvement. Gardens look well as a rule and there is less complaint of damage to potatoes from bugs than for some time past. Apples are still dropping from the trees, but a full crop of peaches, pears, cherries and plums seems to be assured. More rain at present would be injurious to crops in this section.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
